Thank you for your dedication to IISE. We are pleased that you have renewed your membership and we are happy we can continue to serve your needs. Let us know how we're doing in that respect so that we can continuously improve our own processes just as you do in your career.

Since being founded in 1948, the Institute of Industrial and Systems Engineers has held steadfast to its mission of becoming the world leader in advancing the technical and managerial excellence of industrial and systems engineering and those who use the tools and techniques to improve processes. You have helped make IISE better.

You should be receiving email updates from us each month. If not, please let our customer support department know. If you elected to receive our award-winning magazine ISE Magazine by mail, you should be receiving your issues soon. Otherwise, you can access it online.

Your membership number on the card attached to this letter is your entry to the exclusive member-only areas of the IISE Web site. We hope you have made it your home page when you open your browser and that you can find everything you are looking for when you search our site.

Also, be sure to take advantage of your members discount on conference and seminar registrations so that we see you at our events.

You can reach IISE's customer support team by email at cs@iise.org, fax at 770-441-3295, or phone at (800)494-0460 or (770)449-0460. We hope you continue to enjoy your membership in IISE.

Sincerely Yours,

Amanda Mewborn
